The communication dated 1/12/06 has been considered with the following results:

1. Applicant's election of claims 16-21 and 30-33 in the reply filed on 1/12/06 is acknowledged. Because applicant did not distinctly and specifically point out the supposed errors in the restriction requirement, the election has been treated as an election without traverse (MPEP § 818.03(a)).
2. Claims 1-8, 10-13, 22-29 and 34-40 are withdrawn from further consideration pursuant to 37 CFR 1.142(b) as being drawn to a nonelected species, there being no allowable generic or linking claim. Election was made **without** traverse in the reply filed on 1/12/06.
3. Claims 14 and 15 are examined together with selected claims 16-21 and 30-33 as followed.

EXAMINER'S AMENDMENT

4. An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it **MUST** be submitted no later than the payment of the issue fee.

The application has been amended as follows:

IN THE CLAIMS:

Claims 1-8, 10-13, 22-29 and 34-40 have been cancelled since this application is in condition for allowance and because claims 1-8, 10-13, 22-29 and 34-40 are directed to species non-elected without traverse.

REASONS FOR ALLOWANCE

5. The following is an examiner's statement of reasons for allowance: claims 14-21 and 30-33 are allowed over the prior art of record because all references in the record, considered as closest prior art and viewed in combination or individually, fails to suggest or fairly teach a method for recording or reproducing data to or from an optical recording medium, and a recording medium including a combination of all limitations as particularly recited in each of claims 14, 16 and 30. Claims 15, 17-29 and 31-33 are allowed with their respective parent claim.

6. Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

CITED REFERENCES

7. The prior art made of record and not relied upon is considered pertinent to applicant's disclosure. The cited reference relates to an apparatus/method for recording/reproducing data on/from an optical recording medium having management data area recorded thereon a management data used to manage a defective area and to control the operation of the recording/reproducing of a real time data.
